OTHER BENEFITS

Are you interested in receiving information about other benefits that your family may be entitled to? Please take a look at the "Other Benefits" section on the back of the application for free and reduced-price meals.

The Department of Social and Health Services (DSHS) will download the names of all children age birth to 20 into the Office of Superintendent of Public Instruction (OSPI) Core Student Record Database. Information will include the child's first name, last name, middle initial, and date of birth. Upon receipt of this information, OSPI will match student names against the DSHS file and then make the "match" data available to each district via the Internet. Students will automatically qualify for free meals if their schools participate in the U. S. Department of Agriculture (USDA) Child Nutrition Programs. Households that do not want their child(ren) to participate in the free meal program should notify the child(ren)'s school.

The information you provide may be verified at any time. You may be asked to send additional information to prove your child is eligible to receive free and reduced-price meals.
